PRESS RELEASE
15TH EDITION

www.festivalsegou.org

Given the security challenges and the electoral context to which Mali is preparing during the second half of this year 2018, the Foundation Festival sur le Niger, considering that it does not have the necessary time and means to prepare a successful edition of the Festival sur le Niger in February 2019, decided to organize ***the second edition of Ségou 'Art (Contemporary Art Fair of Mali) from 2 to 9 February 2019 in Ségou.***

Thus, after a successful 14th edition and welcomed by all, and given the growing size of the event, the Festival sur le Niger will use this year to engage in a deep reflection with all its partners and actors to rethink and develop new strategies for future editions.

Therefore, the Foundation Festival sur le Niger intends to organize ***the 15th edition of the Festival sur le Niger in February 2020.***

The second edition of Ségou' Art scheduled from 02 to 09 February 2019, is also an opportunity to maintain Ségou as cultural and tourist capital of Mali and will be structured around five components:

- **Art Fair**
- **Art Exhibitions**
- **Workshop / Master Class**
- **Symposium**
- **Music & Theater**

The Foundation Festival sur le Niger thanks the festival-goers and all of its partners for their constant support and accompaniment.

We rely on the good understanding of all.

Long live Mali in a united and prosperous Africa!

Vive le Mali dans une Afrique unie et prospère !
